Fee information

Payments and bookings

Nursery fees are payable monthly in advance, on the first day of each calendar month, by direct debit or bank transfer.

A £50 non-refundable registration fee applies to privately funded places. Non-funded fees change from the month following your child's third birthday. Fees for funded children change as they move into a new age-related price band. The relevant funded entitlement applies from the term after eligibility begins. No registration fee is required as a condition of accessing a funded-only entitlement place; statutory cancellation and refund rights apply.

A late collection fee will apply where children are not collected by the end of their booked session at either 1.00 pm or 6.30 pm, in accordance with our Terms and Conditions.

For children starting after the first day of the month or leaving before the end of the month, fees will be calculated on a pro-rata basis. Full-year fees are based on 51 weeks, with payments spread over 12 months.

Fees remain payable during periods of absence, including holidays and sickness. Bank holidays remain chargeable and cannot be exchanged for alternative attendance days.

One calendar month's written notice is required to reduce or end regular privately booked sessions. Funded-only attendance follows the funding declaration and local-authority rules. See the full Parent Terms & Conditions.

Funded Early Education

Cedar Grove Day Nursery provides government-funded early education in accordance with national funding guidance and Enfield Council's requirements.

Funded hours cover early education and childcare and are provided free of charge. Meals, non-food consumables and additional activities are optional services charged separately.

Our funding arrangements, fees and additional charges are published on our website and fee schedule. An itemised cost breakdown is shown on invoices sent to parents.

Optional additional charges

Government-funded childcare does not include meals, non-food consumables or additional activities.

We offer these services to support children's daily routines, wellbeing and learning experiences. Charges are voluntary and parents may choose not to purchase them. Reasonable alternatives are available and can be discussed with the nursery management team.

Funding and eligibility

Eligibility and funding codes

Eligible working families can access funded childcare from the term after their child turns 9 months old.

Parents must apply through the GOV.UK childcare service, provide a valid 11-digit eligibility code and reconfirm their eligibility within the required deadlines.

Parents are responsible for keeping eligibility valid. If an eligibility code is not valid for the starting term and funding cannot be claimed, the applicable non-funded prices will apply if the parent still wishes to take up or retain the place. We will confirm the charges before the parent agrees to continue. Any other valid funded entitlement or applicable grace period will be taken into account; hours that remain funded will not be charged as private childcare.

Some 2-year-olds may also qualify for funded childcare based on their family's circumstances.

30 hours: working families

Eligible working families may receive up to 30 hours of funded childcare per week for 38 weeks of the year, from the term after their child turns 9 months old.

At Cedar Grove Day Nursery, funding can be stretched across our 51-week nursery year, subject to availability.

For stretched places, we generally allocate 22 funded hours per week, with individual arrangements confirmed through the nursery's funding documentation. The weekly allocation is not an exact division of the full annual entitlement; your agreed funded hours and annual total will be set out in your funding documentation.

15 hours: universal entitlement

All children aged 3 and 4 are entitled to 15 hours of universal funded early education per week for 38 weeks of the year, from the term after their third birthday.

Families may choose to stretch this entitlement across our 51-week nursery year, with 11 funded hours generally allocated each week.

Individual funding arrangements are confirmed through the nursery's funding documentation. The weekly allocation is not an exact division of the full annual entitlement.
